GENERATION
LIGHTING

Welcome to Generation Lighting.

We combine generations of design experience with an aesthetic relevant to today. We remain strongly connected to interior designers and homeowners who desire a broad range of classic, tasteful and elegant lighting.

In 2019, we have partnered with a new generation of designers who are among the most influential trendsetters of their time. Our partners offer unique collections inspired by beauty from the past, functional needs from the present, and pure imagination.

It is a privilege to bring their designs to life. The result is lighting that will remain timeless.

THE COLLECTIONS

ED ELLEN DEGENERES

Our partnership with Ellen originates from a shared passion for interior design and an appreciation for Relaxed Mid-Century and Rustic Modern designs. The products are influenced by some of Ellen's favorite, world-renowned artists and feature signature details that are inspired by Ellen's own treasured pieces throughout her homes.

KELLY

Expanding the preeminent Kelly Wearstler brand to a wider audience, Kelly features a curated assortment of designs spotlighting her characteristic synthetization of both modern and vintage worlds. Each piece has its own distinctive voice in the story and celebrates an explorational confluence of color, architectural form and style. This collection serves as a perpetuation of Kelly's passion for challenging the predefined norms of design while still offering pieces that are approachable to all.

TOB BY THOMAS O'BRIEN

Designer and merchant Thomas O'Brien is a master at bridging traditional and modern styles, in his acclaimed interiors, his New York store, Aero, and his influential program of home furnishings. The TOB lighting collection interprets the full spectrum of antique to modern to industrial designs in diverse and unexpected ways.

Chapman & Myers

CHAPMAN & MYERS

For decades, E.F. Chapman has designed premium lighting. His classically influenced style draws inspiration from architecture and is known for its staying power. Kyle Myers is partnering with Chapman to continue his design ideals for future generations.

FEISS
COLLECTION

FEISS

Since 1955 the Feiss Collection by Generation Lighting has been making distinct, beautiful lighting for over 60 years, spanning a broad range of classic, tasteful and elegant design, down to each detail. While evolving styles and trends, Feiss utilizes high quality materials and maintains premium craftsmanship.

STONESTRONG COMPOSITE

Designed for Beauty, Engineered for the Elements

With outdoor lighting fixtures made with StoneStrong composite, you now get the best of both worlds: the versatility and style you've come to expect from Generation Lighting, coupled with the rugged, no-nonsense durability of this remarkable proprietary material.

StoneStrong composite is especially well-suited for harsh climates where prolonged exposure to salty air, rain, sun, snow and humidity—even debris and pollutants—is the rule, not the exception.
