STACKHOUSE VX

Layers of Clear panels of glass are stacked and fused to create an unusual outdoor design. Integrated LED mounted on the inner Bronze finished hood shed light down the sides of the glass creating an interesting lighting effect.

STACKHOUSE VX

- Clear glass panel shade creates prismatic effect
- Vivex material finished in Bronze
- 3000K Color Temperature, CRI 90+
- Dimmable with CL Triac Dimmer
- ADA wall sconce

SCHOONER

A tapered square shade finished in Olde Brass suspends from a bracket to replicate a nautical lantern. Panels of clear Ripple glass allow for the lamp to shine through while still diffusing the light. The medallion at the base of the shade and rivets along the frame are finished in an antique brass to add authenticity to the design.

SCHOONER

- Olde Brass finish with Antique Brass details
- Clear Ripple glass
- Wet location

FANDELIER

Get the best of both worlds with the Maxim Lighting Fandelier Collection. Fandeliers combine the functionality of a high-quality LED fan with the elegance and design of a beautiful chandelier.

The Fandelier Category by Maxim Lighting represents not only meticulously designed and well-crafted lighting fixtures but a personal statement of taste and class. From the sleek contemporary appeal of the Solstice Fandelier to the Mediterranean charms of the Tuscany Fandelier, Maxim Fandeliers offer a full range of styles suited to your décor. The category is also the first of its kind to offer high quality decorative lighting that incorporates fans seamlessly in the design.

The Fandeliers innovative designs are met with their incredible functionality. With airflow over 5000 CFM and listed for Title 20, they quietly and impressively circulate the air providing a comfortable climate in whichever setting they are installed. In fact, most Maxim Fandeliers are damp location rated, extending their use to outdoor living areas as well.

All Maxim Fandeliers come with a wall mountable, pre-programmed remote controller. The remote controls 6 speeds, operates dimming, syncs frequencies for multiple Fandelier programming, and reverses the Fandelier blade spinning direction.

Browse all the Fandeliers in our collection and find out why Maxim Lighting Fandeliers are "not your average chandelier."

MX-L-120-3K

LED Under Cabinet Lighting

Choose between 3 color temperatures: 4000K – 3000K – 2700K, both in a 90+ CRI for accurate color rendering. Adjust the sure slide switch to choose between color temperatures and can also be operated on a high - low switch for brightness. Patent pending LED technology allows for direct and even light without diodes. Our additional patent pending gimbal on the fixture also allows to direct the light where needed on the counter. Easy to install and connects either end to end or by using the connecting cord included.

SKY PANEL

Sky Panel makes large scale edge lit LED panels easy for both residential and commercial uses. With a user-friendly mounting bracket and integrated driver, this product lends itself to quick installations. High powered LED modules with 110-277V capability with your choice of dimming and classic finishes to suit any setting.

- 120-277V Input
- Dimmability Options: 0-10V or ELV
- Finish Options: White, Bronze, Brushed Aluminum
- Color Temperatures: 3000K and 4000K
- CRI 90
- Energy Star
- Wet Location Rated

WAFER

Wafer was designed for the discriminate consumer who wants the low profile look of recessed without the high cost. Manufactured of die cast aluminum, Wafer brings ultimate heat dissipation to its edge lit technology. Edge lighting gives very even light distribution while dispersing heat over a larger area. The result of this is longer LED life and better light diffusion.

- New models feature 120-277V input
- Dimmable at 120V using Electronic Low Voltage dimmer
- Color Temperatures: 3000K and 4000K
- CRI 90+
- Energy Star
- Wet Location Rated

DIVERSE

This very compact LED flush mount easily installs on any 3.25" octogan box and gives the look of a recessed trim. Constructed of Die Cast Aluminum, the Diverse luminaire is dimmable and also approved for wet locations so it can be used in virtually any ceiling application, including showers.

DIVERSE

- Die Cast Aluminum
- 3000K Color Temperature
- CRI 90+
- For residential use only
- Suitable for wet locations
- Dimmable with Triac Dimmer

COVE

The Cove Series is the perfect substitute to traditional recessed fixture because it requires no recessed housing. In addition to being Energy Star and Title 24 listed, it is IC Airtight and Fire Rated making it adapt to broad requirements of existing and new construction. Aesthetically, its coved design allows for the light to shine indirectly providing even illumination and reducing harsh glare of similar products

- 4" & 6" Recessed Can Substitute
- UL Outlet Box fitted on fixture
- 3000K Color Temperature
- CRI 90+
- Dimmable with Triac CL Dimmer
- Energy Star
- IC Airtight
- Fire rated

Energy Star Certified

Installing new ENERGY STAR qualified light fixtures is a smart way to save energy and money. Maxim Lighting is proud to be a ENERGY STAR partner. Look for this ENERGY STAR logo to find Maxim Lighting fixtures that use $\frac{1}{4}$ of the energy of traditional incandescent fixtures and last up to 10 times longer. More information on ENERGY STAR can be found on the ENERGY STAR web site at energystar.gov.

California Title 20

All new homes, additions, alterations and most commercial buildings in California must meet minimum energy efficiency standards contained in Title 24, Part 6 of the California Code of Regulations. When you see the California Title 24 symbol next to a Maxim Lighting fixtures, you can be assured that the fixtures complies. More information on California Title 24 can be found on the California Energy Commission web site at energy.ca.gov/title24.

California Title 24

Warranty And Other Information

- For specific and detailed warranty information, ask your Maxim Lighting sales representative or visit www.maximlighting.com/warranty.
- Maxim Lighting reserves the right to change details of design, materials, colors and finishes. Color may vary from what is pictured due to limitations inherent to the photographic process.
- Always consult a qualified, licensed electrician before installation of any product weighing 35 pounds or more. We recommend that a qualified, licensed electrician do installations. Always install to a mechanically sound structure.
- Products in this supplement are UL or ETL certified. All electrical products are certified and listed to standards for use in the United States of America or Canada.
- Bulbs are not included unless otherwise noted.
